

Kingdom Hall Telephone Dialup

with

[Conferencegenie.co.uk](http://www.conferencegenie.co.uk)

This arrangement allow's more brothers & sisters to be connected to our meetings, a feature we have wanted for some time.

The system uses an 0844 call rate arrangement. Both parties, the kingdom hall and those listening at home dial the same 0844 number. The kingdom hall only pays for one call no matter how many call in to listen. Those listening in from home only pay for their call at the same 0844 rate.

At this time their does not appear to be a cheaper arrangement. If you find one let us know!

This pdf document has active web links if you have a live connection to the web. updated 31/12/2007

Step One at the Kingdom Hall

THIS IS HOW IT WORKS

Dial 0844 984 00 00

- 1/ You will be asked to enter your **Room Number..** _____
- 2/ You will then have to enter your **Pin Number** _____
- 3/ You will be asked to say your name but you can skip this step.
- 4/ Using the dial up unit as usual to link the sound system to the telephone line. If you wait a few seconds you will here music indicating you are the first and only one in the conference.

**DO NOT DISTRIBUTE
THIS NUMBER OR
YOU LOSE CONTROL
OF THE ARRANGEMENT**

Step Two at Home

Dial 0844 984 00 00

- 1/ You will be asked to enter your **Room Number..** _____
- 2/ You will then have to enter your **Pin Number** _____
- 3/ If you hear music this means that the Kingdom Hall has not connected up yet.

**DISTRIBUTE
THIS NUMBER TO
ALL WHO NEED
TO LISTEN TO THE
MEETINGS**

Benefits & Points to Remember

Two 'room' numbers have to be purchased from Conferencegenie at a cost of £10 each.

This is done on their web site at www.conferencegenie.co.uk using the conference plus service.

This arrangement has the advantage of preventing noise from anyone listening in being sent to others listening AND prevents any possible disruption to the service.

This double room arrangement is set up by requesting Conferencegenie to tie the two numbers together.

One number is used by the kingdom hall to 'transmit' the meeting and is kept private to the relevant brothers operating the system at the Kingdom hall. The second room number and pin number is given to those who listen to the meetings. This room number is set to receive from the first room number but is prevented from receiving sound from others listening.

Contact the E-Mail support address you are provided with at the time of purchasing the room numbers to implement this arrangement. No charge is made for this request.

The call cost on 0844 numbers is normally 3p per min after 6pm and at weekend but 5p during the day mid-week.

How clear is the sound? You can listen to Sheffield Birley / Manor congregation meetings on Sunday's, Tuesday & Thursday evenings using 10242 for the room number and 3710 for the pin number.

This number can of course only be used to listen as it is set to receive only.

If you have web access then you can learn more at :- <http://www.conferencegenie.co.uk/faq.php>

A free service exists that you can use to evaluate the arrangement. It uses any 6 digit number you like for the 'room number', your kingdom hall telephone number for example. The 0844 number on this free service is different being 0844 8484840. For More info Visit this link <http://www.conferencegenie.co.uk/basic.php>

Kingdom Hall Telephone Dialup

with

Conferencegenie.co.uk

The Kingdom Hall now has a system installed that allows you to use your telephone to listen to the meetings.

Instructions to listen to Congregation Meetings

First Dial telephone Number 0844 984 00 00

1/ You will be asked to enter your **Room Number..** #

The hash symbol looks like this # and is on the bottom row of the numbers to the right of 0

2/ You will then have to enter our **Pin Number** #

3/ If you hear music this means that the Kingdom Hall has not connected up yet. Simply wait for the meeting to start.

4/ Sit back with your Bible and song book and enjoy listening to a live meeting along with your brothers & sisters.

Heb 10:24,25

The call cost is 3 pence per minute for all the meetings.

Any meeting held before 6:00pm midweek will cost 5p per min.

This is a higher price than we would like but consider that the cost of travel to the kingdom hall for many approaches or exceeds the cost of these telephone calls.
