

# Telephone Dialup System

## NEVER MISS ANOTHER SERVICE

\*\* See Publicly Speaking newsletter March/April 2008 \*\*

Use your telephone to call and listen  
\*\*LIVE\*\* to your service. Hear everything  
as it happens, readings, lectures, hymns  
and prayers.

The Telephone Dialup System (TDS) is  
really easy to use. Simply fit one at the  
church, plug it into a telephone socket and  
your sound system, sign up for a call  
conferencing service and that's it! Anyone  
who has access to the conferencing  
numbers can listen in for the cost of an  
inexpensive call.
